SUSTAINABLE COMMUNITIES PLANNING GRANTS

*for municipal governments, county governments, and non-profit,
quasi-government, or academic partners*

Grant Awards

These competitive grants support planning and assessment projects that improve a community's economy, environment, and public health.

- Up to \$80,000 for counties and municipalities \geq 5,000 residents
- Up to \$40,000 for counties and municipalities $<$ 5,000 residents

Sustainable communities are:

- Vibrant and healthy
- Environmentally conscious
- Prepared for extreme weather and events
- Socially fair for all residents
- Economically strong

How can the grant be used?

With this grant, communities can develop a:

- Community Sustainability Plan
- Climate Change Vulnerability Assessment and Action Plan
- Greenhouse Gas Inventory and Mitigation Plan
- Natural Areas Inventory and Conservation Plan
